Comments

(Set forth by above question #, if applicable.

Use "Additional Comments" Sheet, if needed)

ile #: 198-2347		
1: With microscopic hair compa	arison, one cannot determine from the notes that the ex	amination was conducte
n an appropriate manner.		
#2. The results are not adequatel	y documented in the notes. The notes are not dated and	l are in pencil
instead of ink. Abbreviations are	used that are hard to interpret. The microspectrophoto	metry spectra are not
labeled correctly.
